**27<sup>TH</sup> ANNUAL FIDIC AFRICA  
INFRASTRUCTURE CONFERENCE**

## CONFERENCE RESOLUTIONS 2021

1. FIDIC Africa to drive the advocacy agenda, improved marketing and visibility of FIDIC Member Associations and Firms with key regional and continental stakeholders and decision-makers e.g. World Bank, African Union and African Development Banks
2. FIDIC Africa and its Member Associations, along with FIDIC, to drive localisation policies for member firm sustainability
3. FIDIC Africa to create more opportunities and improve availability and sustainability for FIDIC Training and Trainers
4. FIDIC Africa capacity building and training efforts to be focused on enhancing soft skills that complement hard engineering skills and improved adaptability to the dynamic nature of the infrastructure development landscape. Encourage member firms and engineering practitioners to utilise the available guidelines and documentation from FIDIC (Sustainability and Integrity Guidelines) to ensure proposed solutions meet the challenges i.e. climate change, corruption, inadequate service delivery, etc.

## CONFERENCE RESOLUTIONS 2021 (continued)

5. FIDIC Africa & Member Associations to drive structured capacity building programmes for future leaders - mentorship programmes to strengthen the engineering pipeline and promote diversity in the profession
6. FIDIC Africa's Advocacy strategy to improved the alignment and awareness of member firms in the Public Private Partnership (PPP) landscape - training and exposure to frameworks can assist in mitigating challenges of infrastructure projects by better allocation of fiscal resources and by improving public sector capacity and governance through partnership with the private sector
7. FIDIC Africa to focus capacity building efforts and resource building for improved technology adoption in firms - Embrace changing technology landscape for personal and professional skill sets and competitive advantage in firms
8. FIDIC Africa and FIDIC to engage member associations and firms on the operationalisation of the FIDIC Regionalisation Strategy.
