

ANTI-CORRUPTION /INTEGRITY WORKSHOP

Association of Consulting Engineers Botswana (ACEB) organized a 2-day Anti-corruption/Integrity Workshop in partnership with the Directorate on Corruption and Economic Crime (DCEC), on 22nd April 2021 and 29 April 2021.

The main objectives of the Workshop were to:

1. Raise maximum awareness and educate Directors of ACEB member firms on what processes are in place to prevent, detect and respond to fraud and corruption.
2. Motivate ACEB members to dialogue on measures that can be taken to prevent corruption as early as possible.
3. Foster commitment from ACEB members to take a stand against corruption and ensure promotion of ethical standards among subordinates.

The Keynote address was given by Honorable Minister of Transport and Communications, followed by Director General of Directorate on Corruption and Economic Crime (DCEC) who also addressed the participants.

Presenters and Facilitators were sourced from various organizations including Directorate on Corruption and Economic Crime (DCEC), Botswana Centre for Public Integrity (BCPI), Public Procurement and Asset Disposal Board (PPADB), Botswana Bureau of Standards BOBS), and Engineers Registration Board (ERB).

Topics presented and discussed at the workshop included the following:

- ✓ Principles of Corruption
 - ✓ Conflicts of Interest
 - ✓ Ethics and Public Procurement
 - ✓ Corruption Risk Management
 - ✓ Anti – Bribery Standard
 - ✓ Ethical Engineering Practice
-
