

Personal Profile - Chris Campbell Pr. Eng

Chris started his career as a Draughtsman some 40 years ago and went on to obtain a Higher Technician Diploma in Civil Engineering in 1986. After almost 10 years in the Consulting Engineering industry as a Senior Technician, he went on to obtain a BSc. Civil Engineering degree (Summa Cum Laude) in 1995 at a University in the USA. He has been registered as a Professional Engineer in South Africa, since 1998. He has since obtained various certificates and diplomas in management and leadership and subsequently held Senior positions in:

- various Consulting Engineering companies in South Africa;
- both technical & management capacities in the State-Owned Rail Entity in South Africa;
- Executive Management in a precast concrete manufacturing and supply company with operations in South Africa, Zambia, Swaziland and Mozambique;

before being appointed as CEO of Consulting Engineers South Africa in 2015, which position he holds at present.

His engineering institutional involvement has been in various capacities over the past 25 years, both locally and Internationally which notably include that of being:

- Past Vice President of the South African Institution of Civil Engineering (SAICE),
 - Past President of the Engineering Council of South Africa (ECSA),
 - Past Vice President of The World Federation of Engineering Organisations (WFEO),
 - Chair 2021, FIDIC Directors & Secretaries Advisory Council (DNSAC).
